MOTOR CAR KILLS HORSE

J. M. Patterson Injured

A collision, which might have resulted in a fatal accident, occurred on Tuesday afternoon, just one mile south of town at about 4 o'clock, when a horse ridden by J. M. Patterson reared at a car driven by A. C. Rogers of Stavelly, throwing the rider heavily to the ground.

The weather was stormy, and Mr. Patterson, who was riding north on the left hand side of the road, shielded his face from the stinging snow and dust with his coat collar, when the motor car driven by Mr. Rogers came south. Mr. Rogers who was driving on the right side of the road, was unable to stop his machine when the horse suddenly leaped up out of the gloom. The horse, was so suddenly injured that it had to be shot. Mr. Patterson was conveyed to his home by Mr. W. Lewis, where he is still confined to his bed, with a cracked hip bone and sundry bruises. He was unconscious when Mr. Lewis reached the spot.

Sergeant Hudson, A.P.P., investigated the matter, but found no evidence of negligence on the driver's part, as Mr. Patterson was on the wrong side of the road.

Footbills Hockey Executive Meets

The officers and executive of the Footbills Hockey League met here on Thursday afternoon to draw up the second division schedule and discuss various other league matters. The following rules were adopted:

Any postponed games, to be played at the end of the series. The winners of the first play off with the winners of the second half in home to home games on case of ties in either division, one sudden death game shall be played on neutral ice. Referees shall be appointed by representatives of both teams, the referee to be from a neutral town whenever possible. McKenzie of Granum to referee all games between Macleod and Clareholm. The residence rule also came up for discussion.

The following schedule was drawn up:

Second Division			
Visitors	Home	Date	
Stavelly	Granum	Jan. 17	
Macleod	Clareholm	Jan. 19	
Granum	Macleod	Jan. 21	
Clareholm	Stavelly	Jan. 21	
Granum	Clareholm	Jan. 24	
Macleod	Stavelly	Jan. 25	
Granum	Stavelly	Jan. 28	
Clareholm	Macleod	Jan. 27	
Stavelly	Clareholm	Feb. 1	
Macleod	Granum	Feb. 2	
Stavelly	Macleod	Feb. 4	
Clareholm	Granum	Feb. 7	

Clareholm Elks Elect Officers

Clareholm Elks have elected the following officers for 1927: Exalted Ruler, John Bowie; Leading Knight, J. Welker; Loyal Knight, A.D. McGregor; Lecturing Knight, E. Gibbs; Treasurer, J. D. Diekmeyer; Secretary, O. C. Arnestad; Chaplain, S. L. Fraser; Esquire, T. Hudson; Inner Guard, C. B. Yokom; Tyler, Jack Laidlaw.

Trusted for three years, Martin Arnestad.

GOLF CLUB BRIDGE PARTY SUCCESSFUL

The Golf Club gave another bridge party last Thursday evening with a very nice crowd attending. Prizes were won by Mr. Crumney and Miss Maclean. The next party will be held on Friday evening, Jan. 28. A good golf course is now universally regarded as a decided asset to a community. The club needs money to improve its course, so golfers should turn out in force to the card parties.

JUVENILES BEAT GRANUM BOYS

Moffatt's juveniles showed the Granum younger set how to play hockey on Wednesday evening last, when they beat them with a score of 8-1. Mr. Thompson refereed the game.

The locals played a real nice game, though they depended too much on solo work. They showed some flashes of combination work, and had they depended more on this the score might have gone even higher. Most of the play was on the Granum half of the ice. Blair, the Granum goalie, having all he could handle all the time. Considering the onslaught the locals waged against his cage, he put up a fine performance.

The locals opened the first period aggressively. Grice, scoring shortly after the face-off. Doug, Langrose with a very nice bit of solo work was the second to score. Dougrose has speed and a pleasing style of stick handling. Grice shot another home out of a hard fought battle in front of the Granum goal. Glyn Moffatt scored shortly after on a pass from Grice. The period ended 4-0 for Clareholm.

In the second stanza Shearer put one in for the home boys, to be followed shortly after by Henry Moffatt. Ed McKenzie got his chance when he put the puck past Blair out of a tangle of players. The period ended 7-0 in favor of Clareholm.

In the last period Grice opened the scoring out of a speedy bit of combination. Earl Marsh gave Granum its one lone goal in this period.

It was a good game to watch and Manager Moffatt can put himself on the back with the results his boys produce.

The Line Up		Granum	
Clareholm	Goal	Blair	
Edlund	Defence	Russel	
D. Ringrose		Reynolds	
L. Shearer	Forwards

FIRE DEMON TAKES HEAVY TOLL IN MONTREAL

Montreal, Jan. 10.—Seventy-seven smoke-stained boys and girls lie lifeless on the floors of the Montreal morgue, while a score of other children and adults, scared crazed and burned, repose at four city hospitals, all victims of a stampede that followed a minor outbreak of fire yesterday afternoon during a moving picture show at the Laurier Palace, in the east end of this city.

The little victims, whose ages ranged from five years to sixteen or seventeen, were for the most part suffocated by smoke or trampled to death under the feet of the throng which jammed the exits in the wild rush to safety.

The tragedy is one of the most poignant that has ever occurred in this city and is the greatest moving picture catastrophe that has happened in Canada.

Mrs. Laura Wilhite Passes Away

Another longtime resident of the district passed away on Tuesday, January 11th, in the person of Mrs. Laura Wilhite, at the age of 73 years.

The late Mrs. Wilhite was born in the state of Missouri, coming to Canada 15 years ago and settling in this district. Her husband predeceased her some seven years ago. She is survived by three sons, three of whom, and day and vest of this district. The funeral will be held on Sunday afternoon at 2:30, from the United Church, interment to be made in Clareholm cemetery, arrangements are in charge of Mr. Kingrose.

Problems In The Maritimes

One of the outstanding matters to engage the attention of Parliament at this present season will be the report of the Royal Commission appointed to inquire into the status of New Brunswick, Nova Scotia and Prince Edward Island for better terms from the Dominion Government and the initiation of policies designed to overcome many of the difficulties from which that section of the Dominion is suffering.

The report of the Commission was presented to Parliament on the day of reading, while the Speech from the Throne recommended the introduction of Government legislation dealing with far-reaching recommendations contained in the report.

The people of Canada as a whole will be found sympathetic in the taking of any reasonable steps to promote the development and prosperity of the Maritime Provinces and to assist the Provincial Governments and people to solve their most acute problems and overcome their most pressing difficulties. The Western Provinces will be found particularly sympathetic because people here fully realize that the existence of Confederation are confronted with problems from which the coastal provinces of Ontario and Quebec are quite free, and which the people there cannot understand and especially do not appreciate.

Freight rates, for example, have long been a live topic in the West, including not only what have been regarded in many quarters as excessive charges, but complaints that unfair discrimination exists as between East and West in the matter of rates, and as between the rates of rates levied on various commodities. The West has waged a long battle on the subject of freight rates, and the end is not yet. It can, therefore, appreciate the importance of the recommendation made in the report of the Maritime Commission that rates be reduced by 25 per cent on the Atlantic Division of the Canadian Pacific Railway, and that the loss of revenue to the railway be recouped to it out of the Dominion treasury, and that the C.P.R. be likewise reimbursed. One of the arguments advanced in support of this recommendation is that the Intercolonial Railway was built for strategic purposes, not commercial reasons, and as a result it suffers from excessive losses.

If, however, special rates are to be established for one section of the Dominion, and the losses to the railway made good by the Dominion as a whole, the door will be opened to demands for like treatment by other sections of the country.

The Commission further recommends substantial increases in the Federal subsidies to the three Maritime Provinces in order to assist those Governments in carrying on their functions and services, and in this connection suggests the concession that the Western Provinces have long differed and more favorably received. It is true the Western Provinces have long differed and more favorably received. It is true the Western Provinces have long differed and more favorably received. It is true the Western Provinces have long differed and more favorably received.

Recommendations, suggestions, and quoted opinions as to Customs tariff changes designed to benefit the Maritimes will undoubtedly cause widespread discussion. A loan on a short-term basis to assist in the construction of a road is recommended; an increased duty on steel is suggested; a treaty with the United States is advocated providing for the free admission of Canadian fish and pulp and paper products to the United States, and the United States, in fact the report seems to favor a policy of higher duties by Canada against United States coal and lower duties by the United States on Canadian fish and forest products—a combination of results desired by the Maritimes which it would appear to be rather difficult to get the United States provinces under one Provincial Government.

In certain other matters, as, for example, the development and raising of agriculture out of its present state of stagnation and into cooperation in matters of immigration with the Federal authorities, the Commission makes it quite clear that the report must draw squarely on the Province. Whatever may be the outcome of the Commission's labors, or the nature of the legislation to be passed in Ottawa, it is to be desired that renewed trust, confidence and vigor will animate the people of the Provinces by the sea, and that they will find encouragement in the steps taken in their behalf, for themselves to grapple vigorously and stoutly with the problems which, in the final analysis, must be solved by the people chiefly concerned. The people of the West have found this to be true, and they have through their great cooperative enterprise and the application of their own energies, succeeded to an amazing extent in bettering their conditions and advancing the development and prosperity of these Western Provinces.

Pays Well For Talent

Agents Giving Program Over Radio Ask High Prices

Radio acts begin to ask high prices for their talent. Eddie Cantor received \$2,000 for his recent broadcast of 15,000 minutes, or 150 per minute. The Kennedy Sisters, who sang and danced, received \$1,000 for their 15-minute broadcast. The Hill, state that they had 20,000 minutes, or 150 per minute.

The National Broadcasting Company

will have \$2,000 each for their 15-minute broadcast.

for the opening program.

Considering New Invention

British Admiralty Looking Into Device for Locating Ground Submarines

The British Admiralty is considering an invention for locating and communicating with submarines that are unable to rise to the surface.

The apparatus, the invention of a North countryman, consists of a buoy carried by the submarine, which is the sounding line. It is a small, self-contained, and is unable to rise to the surface.

The buoy contains a telephone by means of which rescuers and the imprisoned men can communicate. It is a small, self-contained, and is unable to rise to the surface.

The buoy contains a telephone by means of which rescuers and the imprisoned men can communicate. It is a small, self-contained, and is unable to rise to the surface.

Here and There

The Beechworth manuscript, which is in the possession of the National Museum, is a fine specimen of the old English, and is valued at \$100,000. The Beechworth is valued at \$100,000.

Bachelors in Rome between 25 and 30 are to be taxed to provide funds for the National Military fund and Child Welfare association.

Canadian affairs are now on sale in Paris, France, in the central market and in the shops. Shipments of the fruit are expected to have aroused quite a wave of admiration.

Alberta's visible coal supply is about 57 billion tons. Premier Brownlee declares. With the possible exception of China, Alberta has the greatest coal deposits in the world. The annual production from the province averages around 6,000,000 to 6,500,000 tons.

Valued at nearly \$50,000, twelve silver black boxes in six crates arrived at Canadian Pacific Express Company's yards in Montreal recently for shipment by S.S. Bergruy from Saint John January 1st. They are from the Agnes Silver Fox Farm, Harry, Ont., and represent the first shipment to leave Canada in 1927.

According to the financial statement of the Canadian Pacific Railway Company for the eleven months ending December 31, 1926, the net income of the Company was \$45,225,944.00, an increase over the net profits for the corresponding period of 1925 of \$1,000,000. For the month of November the net profits of the Company were \$5,749,722.72, an increase of \$391,667.50 over November of 1926.

An air mail service for Canada is to be the first of a new line of service between Montreal and London, which is to be operated by the Canadian Pacific Railway Company. The service is to be operated by the Canadian Pacific Railway Company of London, in 1929, which they expect to start on the 29th of April, 1929, and which will be the first of a new line of service between Montreal and London, which is to be operated by the Canadian Pacific Railway Company.

The weather for the past week has been somewhat cooler, with a high of 50. On Wednesday night, Thursday night the mercury dropped to a few degrees below zero.

A dance will be held in Meadow Creek school house on Friday night, January 21st, starting at 9 o'clock sharp. Music by Miss Hanna, piano, and T. E. Scott, violin. Everybody welcome.

The Clareholm hockey team played at Grannum on last ice last Friday, returning with a 4-3 victory. Clareholm players showed fair, though the game, McKenzie being the big stick of the Grannum boys. A nice crowd attended.

J. A. Milson was the referee.

Mr. D. M. Ross, an old timer around here, was visiting in town last Monday. Mr. Ross was formerly a member of the firm of Fisher & Ross general merchants. They erected the building now occupied by C. A. Coutts, which was at that time located where Clark Bros. store now stands.

Miss Edna Rea, of the Bank of Commerce staff, was called to leave last Saturday by a message announcing the death of her father, James F. Rea, who passed away on Friday night. For the few years he had suffered from cancer, this finally being the cause of his death. The funeral took place on Sunday afternoon at the residence of the late Mr. Rea, who was an old timer in Staveland district and had been postmaster at Staveland for a long time.

Kenneth was the youngest son of Mr. and Mrs. A. J. Crawford who reside at Nyack, Montana. Besides his parents the deceased is survived by his brother, David, of Nyack; four other sisters, Mrs. Celia Esterly, of Olympia, Washington; Mrs. Alene Christensen, of Buda, Washington; Mrs. Mary Spinks, of Vancouver, B. C.; and Miss Beth Crawford of Columbia Falls, the younger sisters; Dorothy aged 5, Alberta aged 10, and May aged 2.

Funeral services will be held Sunday, January 2, at 2:30 p.m. in the Presbyterian church, Rev. Frank H. Hillis, assisted by Rev. B. Scott Bates, will officiate. Interment will be in the Curran Memorial cemetery.

Card of Thanks

The family of the late Mrs. Bess Hage wish to thank all those who were so kind in their bereavement, and also for the many beautiful floral offerings as expressions of sympathy.

Card of Thanks

We thank all our friends who so kindly helped us during the sickness and death of our dear little son David William. Also for the beautiful floral tributes.

Mr. and Mrs. Lester Barr.

"There is better hunting today in the Canadian Rockies than was the case when while men first began systematic exploration of their early fifty years ago," said Tom E. Wilson, of Banff, one of the outstanding pioneer mountain guides, as he was interviewed at Canadian Pacific headquarters recently. Mr. Wilson was the first white man to discover Lake Louise and Yoho Valley. A plaque of stone has been erected in the Yoho Valley in honor of him, by the Trail Riders of the Canadian Rockies.
